Submission about Amendment L68

I object to the proposed Amendment to the Planning Scheme to allow a 38 storey tower development behind St Kilda's historic Esplanade Hotel.

- Such a tower development would severely aggravate wind, traffic & parking problems, extensively overshadow surrounding houses & public spaces and generally erode local amenity to an unacceptable degree;
- It would overwhelm and trivialise the historic Esplanade Hotel, and destroy the scale and character of the St Kilda Esplanade and Foreshore environment;
- An over-development of this size would threaten the area's social diversity and strain public resources & services;
- The proposed amendment undermines the aims and integrity of the planning process by flouting well considered planning controls and by denying full public scrutiny of the intended development.
